

## INSTRUCTIONS TO AUTHORS CJRDP / JCDRP

### Case Reports:

- The objectives of presenting this specific case report should be stated in your opening statement
- Readers should learn from this case report and therefore it should be an original article submission and of interest to readers
- Medical and Dental Histories are presented with specific mentions bearing on the case report. Pre-and post operative photos and radiographs are required and a total of approximately 20 illustrations are acceptable
- High resolution digital images are required for publication. TIFF and JPG formats only are to be submitted
- Products and technologies used by the author should be well detailed allowing readers to easily access sources
- References should support your choice of armamentarium and treatment philosophy with emphasis on Evidence Based protocols where applicable
- The Conclusion Section should contain your recommendations, tips and cautions
- The over all length of the Case Report article is to be limited to 3-4 pages of the Journal
- An example of a published Case Report is the following:
